ABOUT WILLIAM

Bill Schaller has 20+ years of IT and high-tech industry experience with large-scale software development projects within multi-national companies. He specializes in the development/execution of new organizational capabilities that significantly improve end-to-end delivery of business value. Bill is passionate about developing self-managing teams within a collaborative environment. He has a specific set of skills and understanding that empowers teams to perform at their best. Bill coaches the right mix of practices and principles that help teams and management succeed in building trust and delivering value to the customer.

WHAT OTHERS HAVE TO SAY

"Working with Bill is a guarantee for attaining results at all levels of an organization. His incredible breadth and depth of work experience enables him to understand business challenges quickly and put forward solutions that truly deliver business value. He's a coach, he's a strategist, he's a leader, and he will amaze you with his knowledge of software delivery! Bill is like a walking encyclopedia of everything Agile and Lean. I have had the pleasure of working alongside him, as well as the greatest privilege of learning from him. Each and every interaction with him leaves me impressed and constantly inspired to improve my own skills. He has that affect on you. Bill's enthusiasm and positive approach to change enables him to bring out the best of people." -Mary A

PERSONAL SLOGAN: "CURIOUS ABOUT LIFE, PASSIONATE ABOUT PEOPLE, DISCOVERING NEW PERSONAL ADVENTURES."
