ABOUT KORNELIUS

Kornelius has served as Senior Vice President and Chief Innovation Officer at TeamViewer since June 2016. As part of the company's original team, he previously headed TeamViewer's Product Management as well as R&D. He has more than 10 years of experience in the software development industry and has played an essential role helping TeamViewer expand in the market since the company's founding in 2005. Prior to joining TeamViewer, Kornelius held various roles in software development and key accounting at Rossmanith GmbH, a provider of solutions for quality assurance and ISO 9001 certifications, and IQment, a provider of web-based ecommerce and content management solutions.

WHAT OTHERS HAVE TO SAY

"I had the pleasure of working with him for a few years. I don't often get the opportunity to say that someone was always right, smart, and had great work ethic. He was humble and always stood up for what he believed was right for the customer and the company. I hope to have the opportunity to work with him again." *-Walter S.*
