ABOUT BERKLEY

Berkley Guse has spent the last fifteen years of his career with the Wisconsin Foundation and Alumni Association. Over the course of his time there, he has moved from programmer to manager to director to his current role as Senior Agile Business Analyst. He started in Information Technology as a web application developer and expanded quickly into coordinating and directing internal and external resources involved in multiple application development projects. He then moved into enterprise application development team leadership and application lifecycle management producing and supporting multiple successful applications providing business value.

A respected team leader, experienced project manager, and skilled application developer, Berkley specializes in empowering healthy teams to complete successful projects.

WHAT OTHERS HAVE TO SAY

"Berkley has exhibited extraordinary intelligence, adaptability, and capacity for work. His leadership has been critical in the success of the ABE technical team thus far, and he continues to be a role model (for WAA and UW as well as UWF) in collaborative, proactive and cost effective application of technology in pursuit of UWF strategic objectives. Berkley will not only adapt easily to any new directions defined, but will continue to be a leader, guiding others to a higher level of performance and efficiency."

PERSONAL SLOGAN: "SEEK FIRST TO UNDERSTAND, THEN TO BE UNDERSTOOD.""
