## ABOUT SATISH

Satish received his bachelor's degree in computer sciences from Jawaharlal Nehru Technological University in India. Soon after that, he completed a master's program in computer science at George Mason University. Satish began his career as a business analyst working in various facets of analysis and project management. Now a Senior Business Analysis Consultant at Karsun Solutions, Satish enjoys applying Scrum principles in all areas of his professional life.

## WHAT OTHERS HAVE TO SAY

"Satish has exceptional communication and business analysis skills. He understood the structure, policies and operations of the business and developed appropriate requirements for the client. He is a go-getter and always on top of things. Also, he has closely worked with all the stakeholders." *-Prasad S.*

"Satish is a highly skilled Business Analyst professional. He is a good listener, a team player, and focuses intently on what the customer needs in order to achieve success on every client engagement. His communication skills and his drive to succeed made him an asset to our seasoned clients like Navy Federal, Carlyle, and ADT." *-Jessica O.*

**PERSONAL SLOGAN: "IT IS WHAT IT IS. YOU DO WHAT YOU GOT TO DO."**
