## ABOUT DEBBIE

Debbie Wallace has 25+ years of experience and success in the IS leadership and software development field. She is a solutions-driven professional with extensive experience in software development and project management. Debbie is customer-focused, highly organized self-starter with effective customer-service skills. During the last 2 years, Debbie worked with Nissan Agile Transformation team and in the past 6 months she has led the team to introduce and build the framework for overall transformation in Agile software development. Debbie graduated from Trevecca Nazarene University with a degree in Business Administration.

## WHAT OTHERS HAVE TO SAY

Debbie is always willing to take on new assignments (paths not yet taken). Debbie is considered to be a "change agent" in our Organization.

Debbie not only cares for my professional welfare, but takes time out to listen to my personal life as well. I can count on Debbie to do what she has committed too—always.

**PERSONAL SLOGAN:** "YOU ARE RESPONSIBLE FOR YOUR OWN FUTURE—NO ONE ELSE'S."
