ABOUT NGUYEN

In the past Bryan worked as a software developer, project manager in software outsourcing projects of customers in USA, Canada, Japan. He also worked as a project manager in telecom 3G network roll-out project for Ericsson in Vietnam, Thailand, Japan. Then he became head of project management office for VietinBank - a commercial bank in Vietnam. In 2012, Bryan founded Stevbros and work as a project management trainer to create online courses and sell worldwide (customers in 168 countries). Bryan also worked as a software outsourcing consultant to connect the best software development teams in Vietnam with growing companies in North America that need world class teams, save money and reduce time-to-market. Currently, Bryan focus his attention on being the trainer and consultant at Stevbros. He also holds a Bachelor's Degree in Computer Engineering from Vietnam National University.

WHAT OTHERS HAVE TO SAY

"I worked with Phuong in Vinaphone 3G Project, the first 3G Roll-Out Project in Vietnam with very short timeframe, complicated in technically and high demand from customers, He is smart guy, showed very professional way of working, good planning and follow PM, high responsibility in what he did. He is one of key member in our Project Team with great contribution. I love to work with him in future Projects if we have a chance and would like to recommend him for any PM position in IT/Telecom Industry. Wish every success to him in his career."

"Phuong possesses a built-in entrepreneurship. He is also the good consultant. Ask him, he will give you not only the short answer but also with the reasonable explanation and approach."

PERSONAL SLOGAN: "DON'T LET PERFECT BE THE ENEMY OF THE GOOD."
