ABOUT CHRISTINE

Christine is a true leader with more than 15 years experience in IT including working in and leading Agile development teams for the past 8 years. The last several years she focused on defining requirements and priorities based on collaboration with stakeholders to ensure Agile development teams work on the highest value, highest priority features while managing client expectations and enhancing user experience. Currently, Christine is a Senior Consultant at Sogeti USA, and she specializes in agile methodologies and requirements analysis. She also holds a BA in Public Relations and Spanish from the University of Northern Iowa.

WHAT OTHERS HAVE TO SAY

"Worked with Christine on a demanding project where the customer required many innovative features. Christine joined the project at its early phase and was up and running in a very short time. She earned the trust of the customer and managed the communications and expectations effectively. She delivered results with flying colors. Christine is a great consultant that I would like to work with again."

PERSONAL SLOGAN: "SUCCESS IS NOT FINAL, FAILURE IS NOT FATAL:
IT IS THE COURAGE TO CONTINUE THAT COUNTS."
