WHAT OTHERS HAVE TO SAY

"Jim joined us with big visions and an even bigger passion. In his short time, with the support of one of the most amazing partners to grace the halls of Rapid7, he's managed to do the seemingly impossible - he created and delivered a management program people actually RAVE about. I am in awe of his skill in front of the classroom and even more impressed by his diligence and approach. Pair that with his amazing laugh, his leadership of team brunches and his constant evolution in helping each of us to "continuously learn" and Jim is a true Edison."

PERSONAL SLOGAN: "I CHOOSE TO BE RELAXED."
