ABOUT KEVIN

Kevin has 15 years of proven leadership experience in multiple managerial roles, including his current role as Nielsen's SVP of Internal Audit. He leads the company's worldwide internal quality audit program and its industry standards compliance initiatives. This includes managing an \$8M annual budget and a 50-person team across 10 countries. He is also responsible for the external audit process by which Nielsen secures Media Rating Council accreditation for its North & South American products and services. He received his MBA from Rochester Institute of Technology and a Bachelor of Arts degree from the University of South Florida. As a 2016 member of the Board of Governors for the Institute of Internal Auditors (Florida West Coast Chapter), he is responsible for all organizational sponsorship initiatives and has been successful in nearly doubling sponsor levels in less than six months.
