ABOUT CHRIS

Chris graduated from the University of Mississippi with a BBA in Management Information Systems. He currently works at CoreLogic as a ScrumMaster. Throughout his career Chris has had a lot of success in different positions, such as: Application Engineer, Senior Technical Business Analyst, Manager of Report Development, Project Manager, and finally as a Scrum Master. Chris' biggest strengths in the work field consist of being an achiever, an excellent communicator, a learner, being consistent and extremely disciplined. Chris has also worked at FNC, INC (recently purchased by CoreLogic) at the start of 2001.

WHAT OTHERS HAVE TO SAY

"If I needed any information from the business clients or any other personnel in order to get my work projects going, Chris is the man I turned to and he used to get things done without fail. Another trait I regard highly in Chris is that he goes out of his way to help the team and inspire it to become ever more productive. His straight forward attitude gave me the comfort that I could get an honest opinion from him about anything related to work: right from my individual performance to the efficacy of our teams in handling projects."

PERSONAL SLOGAN: "ANYTHING CAN BE MORE EFFICIENT."
