WHAT OTHERS HAVE TO SAY

"John has adapted very well and supported his team in adapting to rapid changes in organization structure and large scale process initiatives such as our Agile implementation. He has been part of supporting our organizational maturity providing resource coaching and conflict management. John's technical abilities and knowledge of our products has enabled him to lead teams to successfully deliver projects with extremely aggressive mandated (non-negotiable) deadlines."

"John is a detail-oriented software developer with a keen understanding of the business. He has impressive SQL and data analysis skills which have helped the business tremendously."

"John demonstrates integrity and represents the organization very well to the business. John is devoted to continuous learning and improvement. He openly accepts and implements feedback and is eager to learn and apply new techniques."

PERSONAL SLOGAN: "LOVE WHAT YOU DO, AND YOU'LL NEVER HAVE TO WORK A DAY IN YOUR LIFE."
