ABOUT MARCIA

Marcia has over 20 years of IT experience leading business analysis, development, and cross functional business teams. She possesses excellent business acumen in alignment with leadership and management teams responsible for daily business operations. Marcia effectively partners with senior management in providing innovative solutions and delivery of strategic initiatives. She has an unquenchable thirst for learning and continuous improvement. Marcia takes pride in her ability to communicate to all levels of the organization using her impeccable presentation skills. Marcia's communication skills are complimented by her passion for developing highly motivated, engaged teams. As Grow Financial's IT Project Management Director, Marcia has daily hands-on experiences in all phases of system implementations and development life cycles.

WHAT OTHERS HAVE TO SAY

"Able to quickly grasp complex concepts and translate them to others in a more digestible, understandable way."

"Reliable, communicates well and is able to read people well."

"Listens well and goes out of her way to understand the processes of other departments."

"Always willing to talk things through and offer guidance."

"Freely shares knowledge and values gaining knowledge from others."

PERSONAL SLOGAN: "YESTERDAY IS THE PAST, TOMORROW'S THE FUTURE, BUT TODAY IS A GIFT. THAT'S WHY IT'S CALLED THE PRESENT."
