## ABOUT MEAGHAN

Meaghan is a seasoned IT professional with more than 10 years of experience in multiple domains. She has diligently worked within the Software Development Life Cycle (SDLC) at Geico, Fame, Inc., and Florida's Department of Business and Professional Regulation for over 12 years. Currently, Meaghan serves as Senior Business Analyst where she is responsible for identifying and addressing operational, financial, and technological risks. The Atlanta Housing Authority depends on Meaghan to identify opportunities for efficiency improvement. Meaghan's innovation and accountability makes her an irreplaceable asset on teams within the Information Technology field. Well-versed in Scrum and Agile methodology, Meaghan is an accomplished leader and highly sought after for special projects and process development improvement. She has an impeccable talent for managing multiple projects and forging internal/external customer relationships. Among other strengths, Meaghan is a peer mentor and mediator when difficulties arise in the workplace. Meaghan lends to office morale and positivity by continuously building consensus at the Atlanta Housing Authority. She always exceeds expectations and often shoulders more responsibility than required to accomplish shared goals among the team. Meaghan holds a B.S. in Information Sciences and Support Services as well as a Master's degree in Information Technology.
