## ABOUT RICK

Rick Gayer has spent most of his career excelling in software testing, hardware testing, and professional services in Quality Assurance. He enjoys managing all the variables and stages of a product or service to yield customer and stakeholder satisfaction. Rick is at his best in dynamic situations that involve devising new and effective solutions. He derives motivation from responsibility and welcomes more than his fair share of any project. Rick is often sought out when things need to get done in a timely manner with efficiency. He is action-oriented in nature and will stay engaged with his team until project completion. Rick earned a B.S. degree in Computer Science and Electrical Engineering. He serves as the Quality Assurance Manager at Grow Financial Federal Credit Union.
